Sir:

RESPONSE TO NOTIFICATION OF MISSING REQUIREMENTS

This is in response to the Notification of Missing Requirements Under 35 U.S.C. 371 in the United States Designated/Elected Office (DO/EO/US) mailed March 16, 2007. Applicant submits herewith a properly signed declaration of the inventor, in compliance with 37 CFR §1.497 (a) and (b), identifying the application by the International application number and international filing date.

The Notification of Missing Requirements also requests a translation of the application into English. Applicant submits that PCT application No. PCT/AU2005/000049 was filed in English in the Australian Receiving Office, and that no English translation is required.

Applicant submits that when the application was filed, the application number of the corresponding PCT application was incorrectly identified as PCT/US2005/000049 on the Transmittal Letter. The correct PCT application number is PCT/AU2005/000049, as indicated on the Application Data Sheet as filed. Applicant respectfully requests that the PCT application number be corrected to read PCT/AU2005/000049, and the priority date be corrected to read January 15, 2004.

Please direct any questions to the undersigned.

Respectfully submitted,
DINSMORE & SHOHL LLP
